

The screenshot shows the Xbox Store page for the game "Dying Light: The Beast". The main content area features the game's cover art and title. Below the cover are two buttons: "УСТАНОВИТЬ В" (Install in) and "Вы уже приобрели это" (You already own this). A dropdown menu labeled "ВЫБРАТЬ ВЫПУСК" (Select Release) is open, showing "Dying Light: The Beast". To the right of the main content is a diagnostic panel titled "Производительность" (Performance) with a progress bar showing 1/4 completed. Below it is a section titled "ДИАГНОСТИКА" (Diagnosis) with a list of issues, including "Для изображений не заданы явным образом атрибуты width и height." (Images lack explicit width and height attributes) and "Response was blocked by CORB (Cross-Origin Read Blocking)".

The screenshot shows the EA Games page for the game "Battlefield 6". The main content area is mostly blacked out or obscured. To the right is a diagnostic panel titled "Производительность" (Performance) with a progress bar showing 1/4 completed. Below it is a section titled "ДИАГНОСТИКА" (Diagnosis) with a list of issues, including "Для изображений не заданы явным образом атрибуты width и height." (Images lack explicit width and height attributes) and "Response was blocked by CORB (Cross-Origin Read Blocking)".

The screenshot shows the official website for the game Dead by Daylight. The main content includes promotional banners for the game, user reviews (IGN 9/10, PCGamer 88/100), and a registration form. On the right side, the Lighthouse performance audit results are displayed, showing a score of 1/4 for Performance, 22/29 for Accessibility, 4/5 for Best Practices, and 5/6 for SEO. The audit details a problem where image widths and heights are not explicitly defined.

The screenshot shows the SoundSource application page on appstorrent.ru. It features a large image of the application's interface, which is a Mac-style volume control tool. Below the image is a description of the app's features and a "What's New" section. To the right, the Lighthouse performance audit results are shown, with a score of 1/4 for Performance, 22/27 for Accessibility, 4/5 for Best Practices, and 4/6 for SEO. The audit notes that no problems were found.
